

COMPANY PROFILE

WOO REE APPARELS LTD.

GARMENT MANUFACTURING · BANGLADESH

EST. 2011 · ASHULIA, SAVAR, DHAKA

About Us

WOO REE APPARELS is a garment manufacturer established in Bangladesh in 2011. We directly operate two one-hundred-percent self-owned factories — woven and knit — completing everything from cutting to export packing with our own hands.

2011

Established — Dhaka, Bangladesh

2

Self-owned factories (Woven · Knit)

500K+

Monthly capacity (PCS)

Good garments come from a good factory floor

Our factory runs on discipline, not luck. Bangladesh's sewing strength, managed to Korean standards — we take responsibility for quality, delivery, and trust.

VALUE 01

Quality

The buyer's checklist and measurement standard are our inspection standard. No tolerance for gaps between spec and actual goods.

VALUE 02

Delivery

Production planning locked to vessel schedules. Standard sewing lead time of 45 days — a promised date is a contract.

VALUE 03

Trust

No hidden subcontracting — every order runs in our own factories. If an issue arises, you hear it from us first.

From Dhaka to the world

Fabric sourced from China, Korea, and Southeast Asia; finished goods sail from Dhaka and Chattogram to buyers in the EU, USA, and Korea.

Seven stages, one factory

From sample to shipment, everything happens inside our own facilities. No middle steps — faster execution and clear accountability.

Standard sewing lead time — 45 DAYS

04 Sizing & safety checks Sizing per buyer measurement sheets, full broken-needle recovery procedure, 100% tunnel metal detector pass

05 Pre-shipment inspection Final inspection before shipment — failed lots do not ship. Third-party inspection accommodated

Why work with WOO REE

100% self-owned factories

No hidden subcontracting — every order cut, sewn, inspected, and packed in our own factories.

Woven & knit in one group

Woven and knit lines run side by side in Savar — one point of contact for both programs.

Korean management on site

Chairman and Managing Director resident in Bangladesh. Real-time communication in Korean, English, and Bengali.

Predictable lead times

Standard sewing lead time of 45 days — production planned against your vessel schedule.
